QCWA CLONCURRY – PRODUCT OF THE YEAR

- 67. Any Item of Craft – Senior
- 68. Any Item of Craft – Junior

Each year the QCWA nominates a Primary product of the year to study and encourage members to collaborate and expand their knowledge in fun and interesting ways through crafting using the product as the theme.

This year the Primary Product is the Dragon fruit, a unique looking fruit of a climbing cactus plant. It has a mild, tropical flavour that has been described as a cross between a kiwifruit and a pear. There are about 40000 dragon fruit plant in Australia, though they are native to Mexico. The fruit contains many vitamins and minerals and antioxidants. We'd like to see what you can do with a dragon fruit for your muse.
